4 APP : ADDING THE ROBOT

Need help?

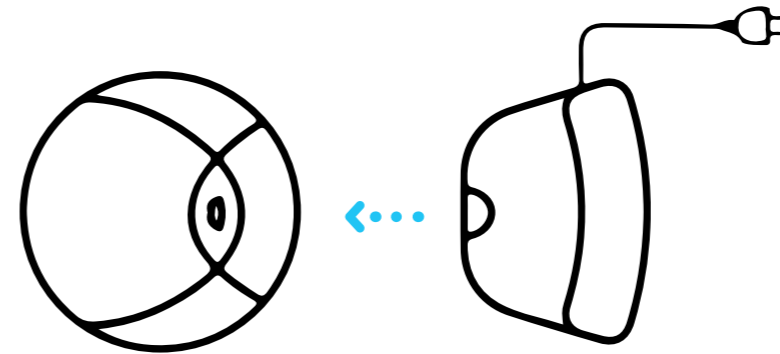

# PREPARING THE ROBOT

- 1 Make sure the robot is fully charged, before using it for the first time.

*Usually around 8 to 10 hours of charging would be enough.*

- 2 Remove the robot from the docking station (charger).

Need help?

# PREPARING THE ROBOT

3 Place the robot close to your router.

4 Make sure the on/off switch is set to 'on'. This is the switch on the side of the robot. Wait until the robot has started fully.

*It is not possible to register the robot in the app while it is physically in the docking station*

Need help?

# APP : INSTALLATION

- 5 Download the app for your specific robot.  
*(Bluebot Robotics app)*

- 6 Make sure your phone is connected to the Wi-Fi network.

*Please note that the XEasy robot **only** works on a frequency of 2.4 GHz.*

Need help?
